ABSTRACT

The Enterprise Resource Planning software seamlessly integrates various business functions to aid managerial decision making and improving efficiency. There are several commercial ERP solutions available in the market. Despite special academic discounts, procuring licenses of commercial products remain a distant dream for academic institutions with limited budgets. This article is an attempt to familiarize academicians with two free ERP suites viz. Monely and 2BizBox, worth considering for teaching concept.

KEYWORDS: Free ERP, Monely, 2Bizbox, Teaching ERP
